

ABOUT CARAVEL.

More Than Just Configuring Software.

The Team at Caravel has spent the last two decades working with clients across North America ranging from SMB, Mid-Market, to Enterprise. Having worked with over 500 clients, Caravel has consolidated this experience into a repeatable framework for helping companies define lean yet scalable business processes, efficiently determining the right technology to support the business, deploying the software platform, providing project oversight to ensure project and ultimately business success and providing ongoing support services as needed. Our goal is your goal: Help drive the right decisions as quickly and as cost effectively as possible.

OUR MESSAGE TO YOU.

// Caravel helps clients make the most out of every dollar spent. Our team has spent two decades building an efficient, templated model letting our clients arrive at the right answers quickly and in the most cost-effective manner so they can spend most of their time adopting the actual solution versus over analyzing a problem that has already been solved for other companies. //
