# Customer **PROFILE**

## Cardiovascular Institute of the South

Cardiovascular Institute of the South (CIS) is a world-leader in preventing, detecting, and treating cardiovascular and peripheral vascular disease. CIS offers a comprehensive heart and vascular program with expert physicians trained in many specialties, including internal medicine, nuclear cardiology, electrophysiology, lipid management, coronary artery disease, peripheral vascular disease, valve disease, and interventional cardiovascular procedures. CIS has earned international acclaim as a pioneer of research, development and education, as well as an innovator in the treatment of peripheral vascular disease. With a dedicated team of more than 900 team members, CIS provides comprehensive cardiovascular care at 21 locations across Louisiana and Mississippi, eight of which offer telemedicine services. CIS remains at the forefront of technology, providing the highest-quality, compassionate care.
